G D E E E E

All we want to do is change your mind

G D B

All you need to do is close your eyes

E C

Come join us

E G D

Come join us

E C B

Come join us

(w/ Rhythm 1)

Don't you see all the trouble that most people are in

And that they just want you for their own advantage

But I swear to you we're different from all of them

Come join us

I can tell you were looking for a way to live

Where truth is determined by consensus

Full of codified arbitrary directives

Come join us

G D E E E E

All we want to have is your small mind

G D B

Turn it into one of our kind

E C

You can go through life adrift and alone

G D

Desperate, desolate, on your own

E C B

But we're looking for a few more stalwert clones

E C

Come join us

E G D

Come join us

E C D

Come join us

(w/ Rhythm 1)

We've got spite and dedication as a vehement brew

The world hates us, well we hate them too

But you're exempted of course if you

Come join us

Independent, self-contented, revolutionary

Intellectual, brave, strong, and scholarly

If you're not one of them, you're us already

E C

Come join us

E G D

Come join us

E C D Come join us
