Tab is at least 90% right..

Sometimes he doesnt play the entire chord
(especially the E/Eb9 one) so just listen
to the song to get it right.

The rest of the song pretty much repeats the intro
with just a few minor changes to the strumming pattern,

I wrote in where the chords change over lyrics,
so jus listen to the song for strumming pattern, its not hard.

Ive been wandering East of Eden

Faster than the smoke from this old train
