I like to play this song with a capo on the 7th fret, that way it plays a lot easier. This song shows that not only can J rock, but he's also a great song writer.

but the major chord progression in the CORO (i think) goes between G Dsus/F# and sometimes an A chord. I don't have the time to type out where all the chords appear, but once you get to know the song well enough, you'll know where they fit in.
