Tabbed by Jamie Phillips (*)

Album: Bert and John

Tuning: DADGBE

Capo: None; guitar tuned down semitone on recording

This is really easy to play and a classic drop-D picking pattern from Bert - I didn't tab John Renbourn's lead part although it's really easy to pick out the main theme and the rest is improvised. This sounds just as good just with just Bert's part and vocals, though. I've tabbed it from the start up until the second Verso - the rest is the same pattern and you should be able to take it from there.

Enjoy! :o)
