Dm C Am Bb

I was choking on a cornflake / You said "Have some toast instead"
I was sleeping maybe three hours / You said "You should get to bed"

I was waiting at the church door / For the minister to show

Dm C Am Bb Am G

I was looking at the new year / You said "Walk before you crawl"

I was feeling like a loser / You said "Hey, you've still got me"

I was feeling pretty lonely / You said "You wanted to be free"

I was looking for a good time / You said "Let the good times start"

With a quiver of your eyelid / You took on someone else's part

Bb C F Bb C F

But what about me / I don't really see

Bb C F Bb C (Dm)

How things will improve / If all you want is to stay...

Maybe I'm a little greedy / You said "Think before you speak"

Sometimes I'm a little seedy / You said "Everyone is weak"

Now I feel a little better / Is there something I can do?

But I never heard the answer / I never had a clue

But what about me / I don't really see

How things will improve / If all you want is to stay loose

Dm C

The lights are out in the house tonight

Bb Am C

And I creep around / I'm gonna creep into your head

Bb C

All you want is to stay

There's a little echo calling / Like a miner trapped inside

If I tell her of this moment / She will in me doubts confide

And she's on me like a blanket / Like a stalk of wilting grass

I'm not sure about her motives / I'm not sure about her past

But my faith is like a bullet / My belief is like a bolt

The only thing that lets me sleep at night / a little carriage of the soul

If it starts a little bleaker / Then the year may yet be gold

Happiness is not for keeping / Happiness is not my goal

But what about me / I don't really see

How things will improve / If all you want is to stay loose

But what about them / You play mother hen

To a gaggle of gangling youth / All you want is to stay loose

Dm Am

I was living through the seconds

Bb F

My composure was a mess

Bb F

I was miles from tenderness

Bb C

It was dark outside, the day it was broken in pieces

Everything is flat and dreary

I couldn't care what's in the news

Television is the blues

Television is hysterical laughter of people

Bb C

And I know it could be me

Dm C Bb Am

I'm always asking for more (more, more, more)

Bb F

I keep running round in circles

Bb F

I keep looking for a doorway

Bb

I'm going to need two lives / To follow the paths I've been taking
