I know that I, I can't believe
Just what the path has brought me
To the man I wanna be
And I know that we have had some times
That we can't forget the struggle
Cause we have so far to go
I know we have changed but,
Change can be so good
So let's not forget why it's understood that...

CORO

Time

Look where we are
And what we've been through

Time

Sharin' our dreams
Time, it goes on and on everyday, baby
Time is what it is come what may
I remember when mom used to say
That things are getting better
And you'll soon be on your way

Remember those days, that we would sing at
The drop of a dime
Way back when nothing else mattered
Oh, I know we've changed but,
Change can be so good
Oh, so let's not forget why it's understood that...

CORO - repeat

So here we are

And we'll always stay together

And through it all you know

We owe it all to you, you, you and you

(Time goes on, never stops, it keeps on)

CORO - repeat 2X

Time, it goes on and on everyday Time is what it is, come what may, come what may.....
